If this is an emergency, please call the Satsuma Police Department [\(251\) 675-0151](tel:2516750151)

## Mission Statement

In loving memory of Courtney Upton, Courtney's Connection is committed to maintaining individual and overall faculty, staff, and student safety and well-being through pro-active and collaborative prevention, assessment, and intervention.

## Purpose

Courtney's Connection helps find solutions for students experiencing academic, social and crisis situations including mental health concerns. Members of the community can report a concern for a student who

might benefit from services. We review these reports to understand each student issue and the on- and off-campus resources that may guide them to success.

The Courtney's Connection Team steps in to connect students with relevant resources and outside agencies. Most times, we may need to communicate with the reporting party to help accurately assess the needs of the student. The Team will also outreach to the student to understand his/her situation and develop a plan of action leading towards his/her success.

## Team Members

The Courtney's Connection Team is a small, confidential group of school officials with representatives from administration, counselors, and teachers. Ad hoc representatives, consulting partners, and other SCSS members as needed.

## COURTNEY'S CONNECTION

As a staff member at The Drug Education Council, an employee at the Alabama School of Math & Science and an intern counselor at Satsuma High School, Courtney was passionate about the issues and dangers our children face each day. This page is dedicated to her mission, her passion, and her memory.
