RE: Welcome Back

SCS looks forward to welcoming back students for in person instruction tomorrow.

At this time, as has been our system's most recent position, it is recommended that students and employees wear masks as a means to mitigate the Omicron variant of COVID-19. However, at this time, the wearing of masks is not mandated.

Should your child be exposed to or diagnosed with COVID-19, please contact your school's nurse.

We appreciate your support and understanding as we work through the pandemic together in an effort to continue in person instruction.
