

SATSUMA CITY SCHOOLS

DATE: Jan 14, 2022

RE: Staff Shortage

Due to a rise in coronavirus cases and consequent staffing issues in Satsuma Schools, we will be transitioning to at-home instruction next week, January 18th through January 21st.

The instructional format may be virtual, such as Schoology or Google Classroom, or a paper packet depending on the grade level and teacher preference for the current objectives.

All staff members not in quarantine will report to campus. All extra-curricular activities that are able to be staffed may continue as usual.

Satsuma Schools will be contracting with a vendor to provide deep cleaning of all facilities during the virtual week.

Students will return to school for in-person instruction on Monday, January 24th.

We appreciate your support and understanding as we work through the pandemic together in an effort to maximize in person instruction.
